# PRECAUTIONS

---

## **Safety**

- Before operating, check that the operating voltage of the unit is identical with the voltage of your local power supply.
- Should any material, liquid or solid, fall into the cabinet, unplug the unit and have it checked by qualified personnel before operating it further.
- Unplug the unit from the wall outlet when it is not to be used for an extended period of time.
- To disconnect the cord, pull it out by the plug. Never pull it by the cord.

## **Installation**

- Allow adequate air circulation to prevent internal heat buildup.
- Do not install the unit near heat sources such as radiators or air ducts or in a place subject to direct sunlight.

## **Cleaning**

Clean the cabinet, panel and controls with a dry soft cloth or a soft cloth lightly moistened with a mild detergent solution. Do not clean the unit with any type of solvent, such as alcohol or benzine, since this may damage the finish.

## **Repacking**

Do not discard the carton. It affords maximum protection whenever the unit is transported.

If you have any questions about this unit, contact your authorized Sony dealer.
